MEGACONFERENCE
Empowerment • Inclusion • Self-determination • Choice

The Tennessee Disability MegaConference is Tennessee’s largest disability-specific conference for hundreds of individuals with disabilities, families, and professionals. At the conference, people share the latest on many topics including housing, employment, education, health care, recreation and leisure, mental health, and many more. It is an inclusive experience for all people connected to issues of disability. We share best practices and give participants the chance for statewide dialogue on important issues.

Please join us on May 24 and 25, 2018! Since 2002, the conference is a true collaboration among many disability advocacy organizations, state agencies, and service providers. Collaborators across the state volunteer to work together to plan an event that reaches well beyond the attendees. At the MegaConference, you will:

- Hear World-class Keynote Speakers
- Participate in Interactive Workshops and Educational Sessions
- See Exhibits of Disability Products and Services
- Purchase Self-advocate Entrepreneurs’ Wares
- Watch a Documentary Movie
- Dance

Come be a part of the most dynamic cross disability event for individuals with disabilities, their families, and professionals!

BE A SPONSOR

There are many benefits to being a sponsor of the Tennessee Disability MegaConference on Thursday & Friday - May 24-25, 2018

The Tennessee Disability MegaConference would not be successful without sponsorship of community businesses, agencies, disability organizations, advocacy groups and individuals that invest in this event each year!

Gain excellent exposure for your organization or business. The conference is a casual and exciting way for businesses to increase their customer base. Each year, **hundreds of attendees** visit exhibits that highlight specific services, technologies and products to enhance quality of life. In addition to attendees, hosting organizations represent **more than 10,000 constituents** across the state, offering an even bigger “bang for the buck!”

Be involved on the cutting edge of disability services and supports. The number of individuals involved in disability supports and services continues to grow. Professionals, providers, people with disabilities and family members participate in the MegaConference to learn about innovative practices, services and products to improve the lives of those who experience disability.

Demonstrate your organization’s commitment to supporting the independence, choice and dignity of all people. The purpose of the conference is to empower people with disabilities and to promote the full participation of all people—supporting people to build full lives in the community.

Get ***your name and brand*** out there where it counts by supporting people with disabilities!
